STEPHEN LEWIS

Expert analysis from  
panelists Savita Sub-  
ramanian, BofA Merrill  
Lynch, and David  
Giroux, T. Rowe Price.

## You've Won Big. Now Raise the Bar.

By MATT HEIMER

Investors scored healthy returns in the stock market this year. But there won't be as many big winners in 2018. That means it's time to get choosy.

## The All-Tech Portfolio

By JEN WIECZNER  
with SCOTT DECARLO

Thanks to sweeping changes in business, there are now "tech" companies in every sector of the economy. We found 31 stocks that can help you profit from the revolution.

36

## The Very Long Game

By CHRIS TAYLOR

We're living longer—and that's a mixed blessing. How investors and advisers are scrambling to deal with the prospect of endless retirements.

58

## What Is the Smart Money Buying Now?

Interview by MATT HEIMER

A historically long bull market has made bargains scarce. But our panel of market experts continues to see profitable opportunities ahead—powered by software.

48

## An Ageless VC Gets an Act Three

By JEFF JOHN ROBERTS

One of the nation's first venture capitalists, Alan Patricof, 82, helped build hundreds of companies. Here's why he's turned back to his startup roots—and what he's teaching a new generation.

## BlackRock's Predictions for 2018

By MATT HEIMER

With \$6 trillion in assets under management, every move BlackRock makes has global ripple effects. Here's an exclusive preview of what its strategists expect from the markets next year.

92

## Whatever It Takes to Win

By JEN WIECZNER

Elliott Management is the world's biggest activist hedge fund. But other investors say some of its recent hardball campaigns have gone too far.

82

## How Schwab Beat Back the Robots

Interview by ADAM LASHINSKY

The 46-year-old brokerage has stayed ahead of the digital wave remaking the industry—by joining in. CEO Walt Bettinger talks to *Fortune* about the future of finance.

96

## Closing America's Idea Gap

By RYAN BRADLEY

We're living in a golden era of tech breakthroughs but getting less bang for our R&D buck. Here's what we can do to fix that.

102

## Where's the Beef?

By BETH KOWITT

Silicon Valley is betting big that tech can solve one of the food industry's existential problems: how to make meat without animals. Now consumers just need to be persuaded to eat it.

118

## The Mark of Zooko

By ROBERT HACKETT

Two years ago, Bryce "Zooko" Wilcox was running a struggling startup. Now he's helping create privacy tech that could give today's cryptocurrencies a run for their money.

## BACK PAGE

## LAST BYTE

**132 ▶ Fully Employed**

A record-setting run of job creation is reaching into virtually every corner of the U.S. Text by BRIAN O'KEEFE; graphic by NICOLAS RAPP

## CORRECTIONS

"Benioff in Bloom" [Nov. 1] misidentified a company Salesforce acquired as Exact Data. The company Salesforce bought is ExactTarget. The story also misspelled the name of a Salesforce partner, Apttus.

"Alphabet's Guru of Googley Rigor" [Dec. 1] mistakenly said the company's human resources group is part of its "real estate and workplace services" organization. It is a stand-alone organization.
