# What is Drought?

DEPARTMENT OF SCIENCE AND TECHNOLOGY (DOST)  
PHILIPPINE COUNCIL FOR AGRICULTURE, AQUATIC AND NATURAL  
RESOURCES RESEARCH AND DEVELOPMENT (PCAARRD)

# Contents

<b>Preface</b> .....	<b>iii</b>
<b>Acknowledgment</b> .....	<b>iv</b>
<b>Definition of Terms</b> .....	<b>vii</b>
<b>Introduction</b> .....	<b>1</b>
Climatic Phenomena .....	<b>6</b>
Types of Drought .....	<b>8</b>
Mitigating Measures .....	<b>11</b>
<b>References</b> .....	<b>16</b>

## List of Figures

1	Climate map of the Philippines .....	<b>2</b>
2	Ground measurements of spectral image (rice) using field spectroradiometer in Lambunao, Iloilo .....	<b>12</b>
3	KII conducted in Janiuay and Lambunao in Iloilo .....	<b>13</b>
4	Reconnaissance survey conducted in Cabatuan, Iloilo .....	<b>13</b>
5	El Niño pest risk map for armyworm based on PAGASA Drought/Dry Spell Assessment and Outlook for September 2015 .....	<b>14</b>
6	Simulated rice yield levels in Agusan del Sur, with values expressed in percent from average yield level for the entire year. Planting on duration with positive values results in higher than average yield, while planting on duration with negative values results in lower than average yield .....	<b>15</b>
7	Automatic weather station and soil sensor station installed by SARAI at the PhilRice Mindoro Satellite Station .....	<b>15</b>

## List of Tables

1	Climate classification in the Philippines .....	<b>3</b>
2	Drought-prone provinces and areas with seasonal aridity in the Philippines (based on reports from DA-BSWM 2010; DCAF 2016; PAGASA 2016) .....	<b>5</b>
3	Types of drought and some examples .....	<b>8</b>
4	Types of drought impact and some examples .....	<b>8</b>
5	Some of the known impacts of drought on AANR sectors .....	<b>9</b>
6	Some of the known drought adaptation and mitigating measures .....	<b>9</b>
